

## **Budget 2024 Sale - £250 per school for full access to comprehensive SEF/School Improvement software including subject reviews**

At Evaluate-Ed we want to always ensure that pupils are given the best opportunity to succeed and our system goes a long way to helping achieve that goal with it's intelligent insights into school performance and focus on vastly reducing admin for senior leaders. Unfortunately, school budgets continue to be hammered with cost of living increases far outstripping budgets.

It's with this in mind that we've decided to radically alter our pricing to an even fairer model and, what's more, offer an incredible opportunity to get access to our comprehensive school improvement and self evaluation system for just £300 in year one for orders received before the end of this term (December 2024). Thereafter should you choose to renew (and we're beyond confident that you will!) you'll continue to pay the £300 licence fee plus £1.50 per pupil.

What's more, if you're affiliated with one of our selected partners, you'll receive £50 off your licence fee in perpetuity! Just enter the code they've been assigned when you fill out the online form.

This represents incredible value for access to a system that will:

- Have an Ofsted ready SEF complete in an hour
- Showcase areas of strength and identify areas for development
- Produce SEF reports for sharing with stakeholders
- Suggest improvement actions and monitor them through a planning tool
- Complete reviews for Attendance, Safeguarding, SEND and more
- Allowing Subject leaders to assess their provisions and track their progress
- Have an Ofsted ready SEF complete in an hour

We also have evaluations covering the Catholic Schools Inspections, SIAMS and Independent Schools Standards regulatory frameworks.

### **Training**

A video link will be emailed to you for initial training and you will have the option to attend a weekly drop in Q&A on Mondays at 4.00pm <https://zoom.us/j/91373222568?pwd=2KgbZ9sRhwHPGbDucwQaX23loDZrBi.1>

In addition, the platform has a series of 'how to' videos giving you step by step instruction on how to use the system.

### **Implementation Guidance**

Our COO Emily Jones is a former Headteacher of 10 years and was an early adopter of Evaluate-Ed. She has created an implementation guide to give you a sense of how her school embedded the system. The system is highly flexible to meet the needs of individual schools so it's entirely up to each leadership team as to how to get the best use out of it but if you'd like to use it please download the guide here:
